Section III - Description of Work:

Removal of 29 Evergreen Trees that are overgrown in the back of the house. This will be followed by regrading of the area to allow for more flat land, topsoil application and planting grass. Along with planting grass, planting of 29 new trees to offset for loss of existing trees and limit impact to neighborhood.

The trees being removed are all overgrown Norway Spruce and most have very few limbs. They range from 8" in diameter to 18" in diameter.
