Ref: Use of a space for a House of Worship
901 N Broadway, White Plains, NY, 10603
Suite 24

Mr. Kaufman, Director of Planning:

We are very honored to have this great opportunity to introduce Praise Church.

We are a Christian Contemporary Church based in White Plains, Westchester, New York, for more than 19 years working to spread a word of hope and faith that will change lives and show our listeners that the purpose of God is that we can feel and really be: Beloved, Inspired, Empowered and Blessed.

Looking forward to achieving our vision, we got in touch with Rakow Commercial Realty Group, who is in charge of the lease of suite #24 at the 901 North Broadway, White Plains, NY, 10603 building, with the purpose of using it for our services and meetings.

Respectfully, we come to your office to solicit the authorization of using this space as a House of Worship.

Once we have reviewed the minimum requirements described in Section 355-40. H of the Town Code, and we have gathered the information, the conclusions are as follow:

1. Coverage: The total construction corresponds to 16% of the lot.
2. The building meets the standards of the current normativity described in the City code.
3. The place has a parking lot that has 123 parking spots: 5 designated handicap spots, 13 compact spaces, 105 spaces and 1 loading space. (Please see the layout attached). Since the Church programs start after 6PM (office off hours for the other tenants), and on weekends, the parking lot will be available for the Church Attendants. No more than 30 parking spots are needed by the church community, so the building is offering enough off-street parking.

I will bless you... and you will be a blessing. Gn. 12:2

Population:

Praise Church is integrated for amazing people looking to build a life of faith. We are a bilingual church (Spanish/English), composed of around 50 committed church members who attend the gatherings and support the vision.

Our community is diverse. From newborns to elders, all of them are hard workers and entrepreneurs, different levels of education from high schoolers to Master graduated, professionals in areas like education, business, social work, technology, entrepreneurs of cleaning services, landscaping, construction, technology, mechanic, care givers, catering, to name a few.

Programs:

Praise Church meets every day providing support in different areas and different ways.

Tuesdays 8:PM: "My home is a blessing" is a program intended to unify the families around the need of praying together and sharing a special speech that our leadership team provides every week, so the household may lead a great meeting building a life of faith for every family member.

Wednesday 8:PM: We have a special meeting for women "Bellas" and one special for men "Commandos". In those meetings, women and men can share live experiences, find support and be encouraged and heard.

Thursday 7:30PM: This is the special gathering for Bible study. We work by cycles, and every cycle has an interesting and practical subject based on the principles of the Word of God.

Friday 7:30PM: This gathering is dedicated to the youth. We share appropriate topics that matter for the young people, all of them solving existential questions and being encouraged to live a life seeking a real relationship with God.

Saturday 10:AM: "Saturdays of Faith". This space is dedicated to discuss faith principles that can be applied to daily life.

Sundays 10:AM: "Sundays that change lives": This is our largest meeting. We have a time of worship, prayer and a conference that seeks to teach about the will of God for his children: be Beloved, Inspired, Empowered and Blessed.

Vision:

Praise Church is looking for a 'home'. A place where not only the church can thrive, but the community can also benefit from additional support and resources, such as:

1. Conferences for parents (The parenthood school).
2. Strategies for getting admitted into a College.
3. Support for elders.
4. Conferences and support for Marriages.
5. Children programs: Bible School, Hispanic Heritage Choir, Bilingual support.

I will bless you... and you will be a blessing. Gn. 12:2

Furthermore, Praise Church is thriving to develop and establish partnerships for different community support such as food for the homeless, groceries for families in need, adult educational services, Christmas missions, and international support programs.

Hours:

Our current programs are held after 6PM during the weekdays and in the morning on Saturday and Sunday. Some meetings start at 7:30PM, others at 8:00PM, depending on the availability of the attendants. On weekends we start preparing at 8:00AM and our meeting starts at 10AM currently.

We are so thankful that our plans have been heard. Praise Church is looking for a place where the people may have a reference point where to go, get support and find encouraging words based on what we believe God has destined for those who want to get closer to Him. In such difficult times the world is currently facing, we hope to find more people involved in this mission to make a difference in the midst of this society that is in need of love, inspiration, empowerment and blessings.

NOTICE TO APPLICANTS

In the Town of North Castle, the Planning Board is responsible for the review and approval of all applications concerning site plans, subdivisions and lot line changes; some applications concerning special use permits, wetlands permits and tree removal permits; and the environmental review of those applications over which it has jurisdiction. The Planning Board may also have an advisory role in connection with some applications before the Town Board, such as those involving other categories of special use permits and zoning amendments.

The Planning Board is composed of five volunteer members – all residents of North Castle – who are appointed by the Town Board for five-year terms. As part of the review of some applications, the Planning Board is assisted on an as-needed basis by other lay boards of the Town, such as the Conservation Board (CB), the Zoning Board of Appeals (ZBA), the Open Space Committee and the Architectural Review Board (ARB). As part of the review of most applications, the Planning Board is also assisted by the Director of Planning, the Town Engineer, the Town Attorney and other special consultants when required.

FEES:

If you submit an application for Planning Board review, you will be required to reimburse the Town for the cost of professional review services, including legal and engineering services, incurred in connection with the review of your application. The charges for professional planning review services have been \$120/hour. If other types of professional consultant review services are required, those charges will be in accord with fees usually charged for such services and pursuant to a contractual agreement between the Town and such professional.

At the time of submission of an application, the Planning Board will require the establishment of an escrow account from which withdrawals shall be made to reimburse the Town for the cost of consultant fees and professional staff services.

ESCROW ACCOUNT:

Escrow Accounts are established for each application. Monies will be deducted from the account for professional review services rendered. Monthly escrow disbursement summaries will be mailed for your reference regarding your project. When the balance in such escrow account is reduced to one-third (1/3) of its initial amount, a letter will be mailed to the applicant and the applicant shall deposit additional funds into such account to restore its balance to the amount of the initial deposit. Additional information on these requirements is provided in the North Castle Town Code (see Sections 355-79B and 275-36.C).

PROCEDURE:

Prior to submitting an application to the Planning Board for review and approval, prospective applicants should schedule an appointment with the Planning Board Secretary at (914) 273-3542 for a consultation with the Town Planner and the Town Engineer. When the appointment is made, a verbal description of the proposal should be provided to the Planning Board Secretary. The Town of North Castle is providing the services of the Director of Planning and the Town Engineer for *initial* consultation at no cost to the applicant so that it is possible to conduct the application review as efficiently as possible for the benefit of the applicant as well as the Planning Board.

After meeting with the Town Planner and Town Engineer, prospective applicants should prepare one complete set of application documents and plans. This set will be reviewed for completeness by the Town Planner. If determined to be incomplete, the Planning Department will submit a checklist indicating which items have not been adequately addressed. If determined to be complete, the checklist will be initialed and the Applicant should submit the remainder of the required application packages.

Once the checklist has been initialed and all application packages have been submitted, the Planning Board Secretary will schedule the application for the first available opening on the Planning Board's meeting agenda. However, if the required application material packages, including the pertinent application fee are not received at the Planning Board office by 12:00 PM, Monday, 14 days prior to the date of the Planning Board meeting at which you are scheduled to appear (or otherwise scheduled by the Planning Board Secretary), your application will be automatically removed from the agenda. At the discretion of the Planning Board Chairman, your application may be rescheduled, if appropriate, for the next available Planning Board meeting or the application may be removed from future agendas altogether. Additional requirements pertinent to each type of application are provided on the individual application forms, which you should carefully review prior to submitting your application.

When an application is deemed complete and submitted for review, it will be forwarded to the Planning Board Members and its professional advisors in advance of the meeting to allow adequate time for review, preparation of written reports and site inspections as necessary. Your application may also be forwarded to other boards and staff of the Town as well as to agencies outside of the Town, if required. Compliance with State Environmental Quality Review (SEQR) procedures is also required as part of the processing of all applications.

At your first appearance before the Planning Board, the Applicant will describe the project and the Planning Board will discuss any preliminary issues. The Planning Board discussion may be continued at future meetings, or if the Planning Board review has progressed sufficiently, the Application may be scheduled for a public hearing (if one is required) The public hearing may occur at a single Planning Board meeting, or it may be adjourned and continued at another Planning Board meeting. Because the nature and complexity of each application varies

considerably, it is not possible to predict in advance the length of time needed to secure Planning Board approval. There are certain steps that you can take, however, to expedite the review process. These include, but are not limited to, the following:

- Be thoroughly familiar with the requirements pertinent to your application. Carefully review relevant provisions of the North Castle Town Code and the application form for your particular type of application. Be sure to check on what other types of approvals may be required in addition to that of the Planning Board. Approvals by other Town boards or departments as well as agencies outside of the Town may be required before you will be allowed to proceed with your project.
- Make sure that your application materials are accurately prepared and contain all required information. The information that we initially request is required, so make sure that your submission is complete. If supplementary information is requested as the review process continues, make sure that it is submitted in a timely fashion so the Planning Board can continue to move your application along.
- Follow up to make sure that your application materials are being submitted on time, or deliver them to the Planning office yourself.
- Attend the Planning Board meeting at which your application will be discussed and be on time for the meeting. If you cannot appear personally, make sure that your representative will be there and is thoroughly familiar with your application.

If the Application is approved by the Planning Board, a resolution of approval will be adopted by the Planning Board. It is the Applicant's responsibility to address any and all conditions of approval. Permits from the Building Department cannot be issued until all conditions have been addressed and the plans have been signed by the Planning Board Chair and the Town Engineer.

V. INFORMATION TO BE INCLUDED ON SPECIAL USE PERMIT SITE PLAN

The following checklist is provided to enable the Applicant to determine if he/she has provided enough information on the special use permit plan for the Planning Board to review his/her proposal. Applicants are advised to review Chapter 355 Article VII of the North Castle Town Code for a complete enumeration of pertinent requirements and standards prior to making application for special use permit approval.

The application for special use permit approval will not be accepted for Planning Board review unless all items identified below are supplied and **so indicated with a check mark in the blank line provided**. If a particular item is not relevant to the subject property or the development proposal, **the letters "NA" should be entered instead**.

The information to be included on a site development plan shall include:

Legal Data:

- OK Name of the application or other identifying title.
- OK Name and address of the Property Owner and the Applicant, (if different).
- OK Name, address and telephone number of the architect, engineer or other legally qualified professional who prepared the plan.
- NA Names and locations of all owners of record of properties abutting and directly across any and all adjoining streets from the subject property, including the tax map designation of the subject property and abutting and adjoining properties, as shown on the latest tax records.
- OK Existing zoning, fire, school, special district and municipal boundaries.
- NA Size of the property to be developed, as well as property boundaries showing dimensions and bearings as determined by a current survey; dimensions of yards along all property lines; name and width of existing streets; and lines of existing lots, reservations, easements and areas dedicated to public use.
- NA Reference to the location and conditions of any covenants, easements or deed restrictions that cover all or any part of the property, as well as identification of the document where such covenants, easements or deed restrictions are legally established.
- OK Schedule of minimum zoning requirements, as well as the plan's proposed compliance with those requirements, including lot area, frontage, lot width, lot depth, lot coverage, yards, off-street parking, off-street loading and other pertinent requirements.
- OK Locator map, at a convenient scale, showing the Applicant's entire property in relation to surrounding properties, streets, etc., within five hundred (500) feet of the site.
- NA North arrow, written and graphic scales, and the date of the original plan and all revisions, with notation identifying the revisions.
- NA A signature block for Planning Board endorsement of approval.

Existing Conditions Data:

- NA Location use and design of existing buildings, identifying first floor elevation, and other structures.
- NA Location of existing facilities for water supply, sanitary sewage disposal, storm water drainage, and gas and electric service, with pipe sizes, grades, rim and inverts, direction of flow, etc. indicated.
- NA Location of all other existing site improvements, including pavement, walks, curbing, retaining walls and fences.
- NA Location, type, direction, power and time of use of existing outdoor lighting.

- NA Location of existing floodplains, wetlands, slopes of 15% or greater, wooded areas, landscaped areas, single trees with a DBH of 8" or greater, rock outcrops, stone walls and any other significant existing natural or cultural features.

Proposed Development Data:

- NA Proposed location of lots, streets, and public areas, and property to be affected by proposed easements, deed restrictions and covenants.
- NA Proposed location, use and architectural design of all buildings, including proposed floor plans and elevations.
- NA Proposed means of vehicular and pedestrian access to and egress from the site onto adjacent streets.
- NA Proposed sight distance at all points of vehicular access.
- NA Proposed streets, with profiles indicating grading and cross-sections showing the width of the roadway; the location and width of sidewalks; and the location and size of utility lines.
- NA Proposed location and design of any pedestrian circulation on the site and off-street parking and loading areas, including handicapped parking and ramps, and including details of construction, surface materials, pavement markings and directional signage.
- NA Proposed location and design of facilities for water supply, sanitary sewage disposal, storm water drainage, and gas and electric service, with pipe sizes, grades, rim and inverts, direction of flow, etc. indicated.
- NA Proposed location of all structures and other uses of land, such as walks, retaining walls, fences, designated open space and/or recreation areas and including details of design and construction.
- NA Location, type, direction, power and time of use of proposed outdoor lighting.

- NA Location of proposed landscaping and buffer screening areas, including the type (scientific and common names), size and amount of plantings.
- NA The proposed location, size, design and use of all temporary structures and storage areas to be used during the course of construction.
- NA Proposed grade elevations, clearly indicating how such grades will meet existing grades of adjacent properties or the street.
- NA Proposed soil erosion and sedimentation control measures.
- NA For all proposed plans containing land within an area of special flood hazard, the data required to ensure compliance with Chapter 177 of the North Castle Town Code.
- NA For all proposed plans involving clearing or removal of trees with a DBH of 8" or greater, the data required to ensure compliance with Chapter 308 of the North Castle Town Code.
- NA For all proposed plans involving disturbance to Town-regulated wetlands, the data required to ensure compliance with Chapter 340 of the North Castle Town Code.

The special use permit application package shall also include a narrative document that demonstrates compliance with the following:

- OK The location and size of the use, the nature and intensity of the operations involved in it or conducted in connection with it, the size of the site in relation to it and the location of the site with respect to streets giving access to it are such that it will be in harmony with the appropriate and orderly development of the district in which it is located and that it complies with all special requirements for such use.
- NA The location, nature and height of buildings, walls, fences and the nature and extent of existing or proposed plantings on the site are such that the use will not hinder or discourage the appropriate development and use of adjacent land and buildings.
- OK Operations in connection with any special use will not be more objectionable to nearby properties by reason of noise, fumes, vibration or other characteristics than would be the operations of any permitted uses not requiring a special permit.
- OK Parking areas will be of adequate size for the particular use, properly located and suitably screened from adjoining residential uses, and the entrance and exit drives shall be laid out so as to achieve maximum convenience and safety.
- NA Where required, The provisions of the Town Flood Hazard Ordinance shall be met.
- OK The proposed special permit use will not have a significant adverse effect on the environment.
