RPRC DETERMINATION LETTER

Project Description: garage tear down and rebuild same size due to fed ex truck damage.
Street Location: 168 HICKORY KINGDOM RD
Zoning District: R-4A Tax ID: 95.02-2-37 Application No.: 2022-0562
RPRC DECISION: RPRC - Submit to Building Department
Date: 07/19/2022

The above referenced application was reviewed by the Residential Project Review Committee (RPRC).

The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- The proposed garage elevation should be revised to depict proposed building height (average grade to roof midpoint). An accessory structure can't exceed 15 feet in height without Planning Board approval.

At this time, you must submit two hard copies of revised plans addressing the above issues, this determination letter and a completed building permit application directly to the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If blasting or rock chipping is proposed, a permit pursuant to Chapter 122 is required.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.
