RPRC DETERMINATION LETTER

Project Description: Install 320' of 6'H vinyl privacy fence. Install 80' of 6'H black chain link fence

Street Location: 2 MICA PL

Zoning District: R-2A Tax ID: 95.04-1-28 Application No.: 2023-0628

RPRC DECISION: RPRC - Requires Admin Wetlands Permit

Date: 09/05/2023

The above referenced application was reviewed by the Residential Project Review Committee (RPRC).

The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- A portion of the proposed fence installation is within a Town-regulated wetland buffer. Given the limited impact of the proposed fence, the wetlands permit shall be processed administratively.
- The Building Department shall ensure that all existing and proposed fencing complies with NYS pool fence barrier requirements.

At this time, you must submit two hard copies of revised plans addressing the above issues, this determination letter and a completed building permit application directly to the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If blasting or rock chipping is proposed, a permit pursuant to Chapter 122 is required.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.
